To: Dr. Chao-Tsung CHEN

April 15th, 2016

Dear Dr. CHEN,

It is my most pleasure on behalf of the event organizer and all sponsors and collaborated organizations to invite you to visit Canada for attending the **2016 The 4th TIMA Canada International TCM Symposium** which will take place in July 27th ~ 31st, 2016 in Vancouver, one of the most recognized livable city in the world.

In recent years, the study and clinical use of TCM & Acupuncture has become a very popular interest globally, and there are more and more countries have regulated the practice of TCM and Acupuncture as well as recognized it as a part of medical service. It is truly our honor to have your participation to this well-known and meaningful annual academic event held in Vancouver. I am certain the presence of you and your colleagues will strongly enrich the development of Traditional Chinese Medicine in Canada and contribute to the evolving cooperation between your country and Canada.

If you would be able to attend the conference, we would like to invite you to present your valuable knowledge as well as the experiences of TCM/Acupuncture. Please kindly let us know your availability so we can accommodate your trip and presentations. We look forwarding to meeting you soon in Vancouver!

Sincerely,

Gary Ho, CEO
Tzu Chi Foundation Canada
